Financial Assistance Information

Village Theatre believes that experiential learning in theatre arts is a powerful tool for building essential life and career skills including critical thinking, concentration, collaboration, discipline, communication and creativity. So Village Theatre strives to ensure that all young people, regardless of financial circumstances, are able to participate in its programs.

Thanks to generous donors, foundations and corporate support, we are able to offer scholarships (tuition credits) ranging from 25% to 75% off the published tuition.

The process for applying is easy and non-invasive! Families need only apply for financial assistance once per year.

Scholarships are awarded on a first-come, first-served basis to families whose incomes are 80% or less of the Median Income (per HUD income guidelines for Snohomish County).

By signing the **Financial Assistance Form**, you are testifying to your income range and the associated tuition credit for which you qualify. Use the income worksheet to see where your household income, and family size, falls in our scholarship guidelines. There is no need to provide proof of income at this time. *Village Theatre reserves the right to randomly verify submissions.*

Limit 2 classes or 1 production per session per student during Fall, Winter and Spring sessions.

Limit 3 camps or 1 production per student in the Summer session.

Here's What We Need:

- 1) **Financial Assistance Form** or submit it online.
- 2) **Registration Form** or register online.
- 3) **Online registrations will be charged the balance owed, after financial assistance has been applied.**
- 4) **Over-the-phone or mail-in registrations require a minimum payment of \$50 non-refundable deposit per class/camp or production. The balance is due by the first day of class/camp unless a payment plan is in place.**
