A Wrinkle in Time

Content Guide

The show will run approximately 1 hour, 25 minutes

including one 15- minute intermission.

A Wrinkle in Time tells the story of 13-year-old Meg, her younger brother Charles, and friend Calvin as they travel through space and time to save her father, Dr. Murray. On the way, they encounter wise, timeless, shapeshifters who not only lead them to the doctor, but also help them discover the power of their individual gifts and friendship along the way.

Thematically, this play addresses the struggle to fit in, accept yourself, and friendship among school-aged characters. As such, there is some mild bullying and teasing, depiction of a schoolyard shove, and arguing between siblings.
